Subject:-

Information required in the Residency letter nos. 6255 and 6256 dated the 9th Aug. 1930.

A copy of the review of the Foreign Trade of the Mysore State for the 3 years, 1925-26-27 and 1927-28 are laid before reference. (published by the Govt. Dept.)

These volumes contain Statistics of imports into Mysore for the above 3 years, required in letter no. 6255. But there are no Separate figures in respect of foreign goods which have paid British Indian duty and of those of British Indian origin, as under the present arrangement with the Railway Dept. who furnish these Statistics no information is required to be furnished as regards the place or the country from which the Several articles of import emanate. It is therefore not possible to distinguish foreign goods which have paid British Indian duty from those of British Indian origin.

As regards the information required in the Residency letter no. 6256 dated the 9th Aug. 1930, the following appear to be the exciseable goods imported into the State

1) Salt (Imperial)
2) Kerosene and Petrol (Imperial)
3) Foreign liquor (Imperial)
4) Country Spirits (Provincial)
5) Hemp drugs (Provincial)
6) Opium (Provincial)

The published records contain no information as regards the quantity and Value of the Country Spirits and Hemp drugs imported into the State.

Separate figures as regards the quantity of petrol imported into the St during the last 3 years, obtained from office of the Dir. of Exc. are noted in the

My dear Mr. Rajagopalachar,

I am desired to enclose herewith copies of Residency letters Nos.6256 dated 9th August 1930 and 6374-229 dated 13th August 1930 and to request you to furnish information as far as available with you on the following:

1. Figures for the last 3 years of the annual quantity and value by commodities of (a) foreign liquor, (b) country spirits, (c) ~~hump drum~~ hemp drugs and (d) opium.

   If there are any other articles ~~which are~~ dealt with by your Department which come under the definition of exciseable goods, information may be furnished with regard to them also.

2. Figures showing the actual duty accruing to the Government of India from the above goods (imported into the Mysore State) during the same period.

As this information is required very urgently, I am to request the favour of an early reply.

Yours sincerely,

Urgent.

14th August 30

My dear Ranganatha Rao Sahib,

I am desired to enclose copies of Residency letters Nos. 6255 and 6256 dated 9th August 1930 and No.6374-229 dated 13th August 1930 for reference and to request you to furnish information as far as available with you on the following:

(1) The quantity and value of (a) salt (b) petrol and kerosene, (c) foreign liquor, (d) country spirits (e) hemp drugs and (f) opium, imported into the Mysore State during the last 3 years. If information is not available with you in regard to any of the above items it will do if information is furnished only on the others. If you are aware of any commodities not included in the above which comes within the category of exciseable goods, information may kindly be furnished about them also.

(2) I am to request you to state whether, in regard to commodities which are in the British Indian Tariff List and which are included in the statistics of imports into Mysore, it is possible to distinguish between foreign goods which have paid British Indian duty, ~~from~~ goods of British Indian origin.

(3) Any information you can furnish from the sources at your command as to the actual duty accruing to the Government of India from the exciseable goods imported into Mysore would be very welcome.

As the above information is urgently required, I am to request the favour of an early reply.

Yours sincerely,

(Sd.) N. Rama

GOVERNMENT OF MYSORE.

Department of Industries and Commerce.

D. O. No. C_3- 229/30-31

Mr. C. RANGANATHA RAO SAHIB, B.A., B.L.,
Director.

OFFICE OF THE DIRECTOR,

Bangalore, dated the 20th August *1930*.

Dear Mr. Rama Rao,

With reference to your letter dated 14th August 1930 forwarding copies of letters from the Residency and requesting information on the quantity and value of the imports of certain commodities into the Mysore State, I enclose herewith a statement giving the information required. I write to state that correct statistics are only available of imports of merchandise by rail into the State. It is only this year that attempts have been made to establish Ookads on the chief frontier roads to register the traffic passing along such roads. This point is important in view of the fact that large quantities of Salt and Kerosine Oil are imported into the State by road.

I may state that the average imports of salt by rail for the last three years is about 8,41,000 maunds. This gives an average consumption of 11.5 lbs. per head of population in the State. The average consumption of salt in the Madras Presidency where the dietary is the same as in Mysore is about 18.8 lbs. per head. The Indian Taxation Enquiry Committee assume that the consumption of salt per head in Mysore is the same as in the Madras Presidency (Vide page 136 of their Report). The average annual consumption of salt in Mysore should therefore amount to 13,75,000 maunds. I have assumed in the statement enclosed herewith that the difference between the total consumption based on the consumption per capita as given in the Report of the Indian Taxation Enquiry Committee and the statistics of imports furnished by the Railway returns, is imported into the State by road.

The figures relating to the consumption of petrol are not obtained from the Railway returns, but are furnished by the leading Oil Companies. They may be taken as accurate.

In regard to Kerosine, the figures of imports by road obtained during the last few months are added to the imports by rail during the year 1929-30.

In regard to the enquiry made in the second paragraph of your letter, I write to state that it is not possible to distinguish between the goods which have paid British Indian Duty and goods of British Indian origin. The statistics are furnished by the Railway Companies who are only the Carriers of merchandise and cannot therefore supply information as to the original sources of these goods.

I have also shown in the statement the approximate duty accruing to the Government of India from the excisable goods imported into Mysore. These figures can only be taken as approximate, as correct deductions on account of the weight of packages are not ascertainable. The excisable goods included in the statement are only foreign liquors, viz., Ale, Beer, Wines and Spirits. The other excisable goods omitted in the statement are country spirits, hemp drugs and opium. The only country spirits imported into the State is country beer received from the Civil & Military Station on which no excise duty is paid to any foreign Government. Hemp drugs are not imported into the State. Opium is supplied to the Government at cost price, i.e., Rs.22/10 per seer. The issue price is Rs.80/-. The difference is retained by the State.

The statement sent with your D.O. letter of the 16th August, is returned herewith. The figures relating to the excise duty paid on salt, petrol and kerosene as given in the statement should be corrected in view of the remarks made in this letter. A revised statement is under preparation and will be sent in due course.

Yours sincerely,

N.Rama Rao, Esq., B.A., B.L.

Draft Revised 18/8/30

The information furnished by Dy C/Ds is apparently only about Rail borne traffic. There may be road imports of articles like Kerosene. This point has to be mentioned in the letter.

Re Revised Duty need not be noted in the Note Sent and as it Not Wanted

29.8.30

956/C.B. 24-30-14

30th Aug. 1930.

Immediate.

Dear Mr. Ranganatha Rao Sahib,

Would you please refer to your letter No.C.3-229 dated 20th August 1930 to Mr. N. Rama Rao, furnishing certain statistics regarding the exciseable articles imported to Mysore? It is stated that the figures relating to the consumption of petrol have been furnished by the leading oil companies and that in regard to kerosine, figures of road import have been added to the imports by rail for one year.

I am to request that you will kindly furnish a statement showing the imports by rail alone of these two articles (petrol and kerosine) for the three years - 1927-28, 1928-29 and 1929-30. If at all possible, would you kindly send me a reply in the course of the day, as the matter is very urgent?

Yours sincerely,

C. Ranganatha Rao Sahib, Esqr., B.A., B.L.,
Director of Industries & Commerce in Mysore.

OFFICE OF THE DIRECTOR,

D. O. No. C3-229/30-31 Ex 2 5/6. *Bangalore, dated the*....5th Septr..193 0.

Dear Mr. Madhava Rao,

I enclose a statement showing the imports by rail of excisable goods other than salt during the last three years and also the amount of excise duty levied on the imports during each year.

The imports of Kerosine Oil into the State by Rail have shown a sudden increase since the year 1927-28. I believe this is due to the imports of petrol being included in the imports of Kerosine Oil. I have separately addressed the Agent, Madras & Southern Mahratta Ry. Co., Ltd., to let me know if this surmise is correct and where the imports of petrol into the State are registered in the returns of Rail-borne Trade sent by him to the Department. Provisionally, I have deducted the known imports of petrol into the State from the figures for Kerosine Oil for the year 1927-28 and onwards. I also append a statement showing how the prices of Kerosine Oil have been arrived at. These prices are based on the market prices published by the Mysore Chamber of Commerce.

The Excise duty on Ale and Beer and Wines and Spirits are -- calculated on the total value of the imports at the tariff rate

rate of 15 per cent ad valorem.

Yours sincerely,

C Ramgan atha Rao Sahib

pol 281 C.B. 34-30-17
Dated 6-9-30

To

Major G. Loch, I.A.,
Secretary to the Hon'ble
the Resident in Mysore,
Bangalore.

Sir,

Subject: Indian Round Table Conference.

With reference to your letters No. 6256 dated 9th August 1930 and 6374/229 of 1930 dated 13th August 1930, I am desired to send you the accompanying statement of the quantity and value of exciseable goods other than salt imported into the State and to observe as follows:-

Kerosine Oil.

The figures given in the statement refer exclusively to imports by rail and have been taken from information supplied by the M & S. M. Railway Company. A fairly considerable quantity of kerosine oil is brought into the State by road but no figures are available of such imports.

Petrol.

The figures are based on information supplied by the principal Oil Companies.

Subs for approval, together with a statement giving the revised figures furnished by the Director Dte

Dewan 6/9/30

Thro' Secy

Note 6.9.30

Liquors, Ale & Beer, Wines & Spirits.

~~It is understood that~~ the figures relate to foreign liquors ~~and not those of British Indian origin,~~ upon which sea customs duty (not excise) is collected.

Opium.

The quantities imported into the State are shown in the statement. ~~But~~ it may be noted that the State pays only the price ~~(including profits perhaps)~~ on opium supplied by the ~~Collectorate Stores~~ ~~while~~ and the duty is collected and retained by the Durbar ~~itself~~.

I have the honour
etc

SIR,

Reference:- Imports of Petrol into the State.

= = =

In continuation of my D.O. letter No. C3.229/30-31 dated the 5th instant, on the above subject, I have the honour to enclose herein for your information a copy of letter No: S.T.306 dated the 11th September 1930 received from the Agent, Madras & Southern Maharatta Railway Company, Ltd., Madras, stating that petrol or motor spirit is being recorded under Kerosine Oil in the returns of the Rail-borne Trade. I have requested him to open a new subhead "Petrol" for recording the imports of petrol in the State.

I have the honour to be,

Sir,

Your most obedient servant,

C Ranganatha Rao Sahib

DIRECTOR.

The statistics we supplied to the Railways were correctly prepared on this basis
